5 December 2011

Mr. R. Kaiser  
971 Resolution Street  
ALBURY NSW 2640

Dear Mr. Kaiser,

Receipt is acknowledged of your letter dated 6 November 2011.

Section 141 of the Police Act give Police the discretion to decline to investigate a complaint under certain circumstances. In this instance, it has been determined the matter subject of your complaint was fully investigated and reviewed by Inspector Cottee. I am advised you have been appraised of the outcome of this investigation and I am satisfied the matter was properly investigated.

I have been advised you have previously been notified in writing by former Superintendent Devine that there was no new evidence to further this investigation and this continues to be the case.

Inspector Moodie has advised me, that when he spoke to you, he did not have access to the full brief of evidence and as such this maybe a reason for your belief parts of the brief were missing - this is not the case.

\*

Further, relating to your inquiry with the Bureau of Statistics, I am advised the incident subject of your complaint was recorded as Shoot with Intent (other than attempted murder) and the search conducted on your behalf may not have captured this.

I do not propose to conduct any further investigation on this matter as it has been properly investigated.

Yours faithfully,

  
E A STIRTON  
Superintendent  
Albury Local Area Commander
