Dear Mr Kaiser

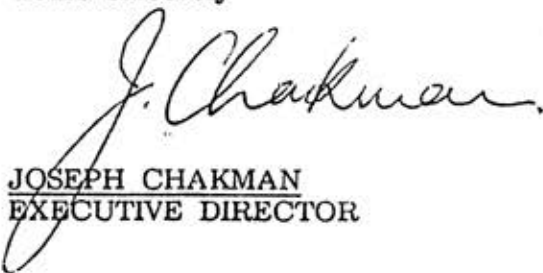

I am pleased to be able to send you a cheque for \$500 to assist you in your efforts to promote public awareness of glaucoma. For an organisation as small as the AOA is (we have only 1500 members) this represents a significant amount. We are nevertheless prepared to assist you further subject to receiving progress reports of your campaign.

You will remember that we discussed possible changes to your publications and presentations which would acknowledge the role optometrists play in glaucoma detection. The AOA would be very pleased to see the changes put into effect.

If you let me have a copy of your proposed itinerary, I will try to have the local optometrists provide you with whatever assistance they can. Please let me know what you would like them to do.

We wish you the best of luck.

Yours sincerely

JOSEPH CHAKMAN
