Dear Rolf,

I am most regretful that all my efforts to obtain funding for the Glaucoma pamphlet have been to no avail.

I have made both personal and written submissions on your behalf to the hospital, and the Regional Director, but unfortunately no funds are available to cover printing costs. The cost of doing so for 200,000 copies of the pamphlet would have been in the vicinity of \$2,000 - \$4,000, depending on the quality of paper and colour.

I wish you well for your most challenging assignment, and am disappointed I could not give you more assistance.

Yours sincerely,

NOELLE OKE,  
Health Education Officer,  
for K. R. Brown,  
Regional Director.
